Dear Friends,

ONE National Gay & Lesbian Archives would like to congratulate the Canadian Lesbian + Gay Archives on the occasion of your 40th anniversary. Like ONE Archives, your institution has valiantly championed queer history and the important work of our predecessors in their efforts to preserve the record of the struggle for gendered social equality. Your impressive range of collections, robust outreach, and continued participation in the world of queer archiving speak volumes about your commitment and dedication to queer history worldwide.

Please accept our heartfelt best wishes and continued support for your efforts. Congratulations on forty years of world class achievement!
