In the end, each of them received a solid "A+" for his performance. Spontaneous and unrehearsed, the cinema vérité filming captures all the explosive action in the four non-stop sex-athons.

An Empty Bed

Theme(s): Gay/Lesbian Culture

Credits: Written and Directed by Mark Gasper. USA 1989 video/VHS•56:00

Remarks: A slow-moving but evocative drama about an aging gay man that challenges its audience's perception of the choices that we all make in our lives - in love, in sexuality, and in our ability to express our feelings. Bill Frayne is a gay man in his mid-60's living along in New York's Greenwich Village. Over the course of a typical day he encounters people, objects and places that stir and revive memories from his past. Told largely through flashbacks, the film is a time tapestry where past and present weave together to form a poignant and graceful picture of one man's life.

Remarks: Crete (Greg Atkins) who is 25 years old has recently failed out of the Architecture program at The University of Toronto. In order to support his alcoholic 45 year-old mother, Sherry (Nancy Beatty), he spends his nights hustling on the street, while still keeping up the daily façade of going off to school each morning. Garnet (D Garnett Harding) who is 25 year-old attractive and intelligent hustler, catches Crete's eye. After a negative experience with a trick, Crete offers Garnet a place to crash for the night. In the morning Crete leaves, as he always does, for school leaving Garnet still sleeping in his bed. Crete spends his days wandering the growing city. On his return home he is faced with Sherry and Garnet, partying together. Garnet assures him that Sherry doesn't know the circumstances of their friendship, he told her they were in school together. As Crete goes about his schedule, Sherry and Garnet grow closer together, forcing Crete to make some different choices.

Remarks: From the box: "Starring 11 Hot French Canadian Men!" "Far out in the wilderness of French Canada the long winter melts into spring and the Call Of The Wild begins. It's the call of nature, it's what drives both man and beast wild with lust. For the first time ever you will see 11 hot French Canadian men just as they are - rough and untamed. Come to the world of lumberjacks and hunters. Find out how the Royal Mounties always get their man! See the passion and sensuality of man to man action, Quebec style. This is pure Bjorn at his very best."

Chuck & Buck

Credits: Matthew Greenfield. United States of America 2000
video/VHS•1:37:00

Remarks: Chuck and Buck are childhood best friends whose lives have taken very different paths. While Chuck moved away and now has a real life, Buck stayed behind and developed a dangerous fixation - on Chuck's life. The result is a wickedly hilarious story of two guys about to learn that growing up...is the the strangest trip of all.

Green Pubes: An Anonymous Boy Video For Homo Punks

video/VHS•25:00

- Remarks:** The underground homo-punk cartoonist "Anonymous Boy" began drawing for the classic queer fanzine JDs, and since he's been a long time fixture in the queer punk scene. Green Pubes is his debut animated video, and in it we follow the characters from a typically dumpy punk club through a funny and erotic adventure. Be sure to listen for some of New York's best bands - The Lone Wolves, The Sea Monkeys, and The Gloo Girls who have contributed their great music to the wild soundtrack.

Jeffrey

Theme(s): •AIDS

•Relationships

Credits: Orion Classics. USA 1995 video/VHS•92 min

Remarks: Jeffrey is a 1995 American gay romantic
comedy directed by Christopher Ashley. It is
based on a play depicting the life and times of
Richard Jeffrey by Paul Rudnick, who also
wrote the screenplay.Starring Steven
Weber as Jeffrey and Michael T. Weiss as
Steve, the movie features cameos by Olympia
Dukakis, Victor Garber, Gregory Jbara, Robert
Klein, Nathan Lane, Camryn Manheim, Kathy
Najimy, Kevin Nealon, Ethan Phillips, and
Sigourney Weaver. Christine Baranski has a
small but memorable role as the socialite
hostess of a fundraiser that (in Jeffrey's
imagination) turns into a cater-waiter
hoedown orgy. The film co-stars Patrick
Stewart as Sterling, an older gay decorator
whose partner, Darius, dies of AIDS
complications. (wikipaida)

**Mark Holland. M.P. Speaks on same-sex marriage.
Bill C-38. House of Commons. March 24, 2005.
Length: 6:50**

Canada March 24, 2005 DVD•6:50

Remarks: Video of Mark Holland (nephew of Carroll
Holland) speaking in support of the Bill C-38
for same sex marriage and principles of
upholding equality. He mention his Aunt,
Carroll Holland and why she should have the
right to marry the person she loves. He argues
that the role of the state cannot choose who
can love whom and who can marry. He
explains society is not static and gives
examples of slavery, sexism and racism as
traditional examples of discrimination that
have led to equality. So to should marriage
lead to equality. He draws on other equality
breakthroughs like the definition of a person-
eg. women in the last century were not
considered persons. He states that refusing
gays and lesbians to marriage is institutional
discrimination and he won't stand for it.

Remarks: Miguel, a young man from Quezon province, leaves the Philippines for the U.S. After seven years, he returns home, and his family discovers he has had a sex change operation and is now Michelle. She declares she will stay until her family accepts her. This proves iffy: mom is embarrassed by the scandal; dad is angry and rejecting, feeling his own manhood undermined. In a sub-plot, M/M's best friend Julio, whom M/M knows is gay, announces his engagement to Sonja. Michelle tries to talk Julio out of the marriage. Julio and Sonja's decisions, Michelle's changing relationship with her tatay, and her own need to confront anew the nature of her sexuality complete the film.

Theme(s): Families

Credits: Jan Padgett, George Johnson. Canada 2001 video/VHS•17:08

Remarks: Young children ages 5 to 12 describe how they feel when they hear put-downs of themselves or their families in this video for kids, their educators and parents. Children learn from subtle clues what society thinks about gender roles, same-sex parents and family differences. The children in Sticks & Stones vividly describe how it feels to be teased when their families don't follow traditional gender roles. They talk about why bullies indulge in name-calling, and what they think should be done about it.

The Cruiser

Theme(s): Vintage

Credits: Nova. USA 1985 video/VHS•65min

Remarks: From Bijou website: Five short 8mm loop episodes, typical of the NOVA style, transferred to video. The Cruiser presents a blond civilian driving around, soon picking up a sailor and a marine and taking them back to his apartment. A three-way sandwich in which a blond is fucking the sailor who is fucking the marine ensues. Tool Boy features slender, well-hung Ken Fox performing a solo atop a barstool in a tool shop, shooting a gushing climax. In Shiverree, three mature, balding, rugged men engage in a versatile three-way in a bunk bed. Fucking, sucking and rimming galore is shared until they are later joined by a young blond and they pair off. In Mr. Fixit, Bo Richards jacks off while naked atop a yellow Camaro. His climax is quite explosive, too! Track Meat concerns the seduction of a runner by his coach in the gym. The coach fucks and rims the boy twice on the bench press, on his back and on his stomach, before each man cums twice, in each other's face. We especially liked the two three-ways on this tape and finds them good, kinky fun. Rimming and older men with younger men are good highlights in this film.

Guillermo meets superstar, Dick Fisk under
the lights in a blacked out studio. Dispensing
with the usual story and setting, Guillermo
and Fisk work out their hidden fantasies with
their dark desires dictating the action; a
macho duel of might and submission.Sexy
19-year-old Marine Todd Parker, on a pass
from nearby, works himself to a climax you'll
remember long after this video is over.TRY
TO TAKE IT: Kip Noll plays a great new,
inexperienced stud who is anxious to
experience all the thrills of man to man sex.
Frank is only too happy to accommodate
him.HAND FOR A STAR: This exciting model
has starred in so many stimulating features,
we wondered if Bill was as exciting by himself.
Like all great performers, he comes through,
and on himself.TWO ON BLUE: Against an
uncompromising background two boys want
nothing to obstruct anyone's view of the show
they put on. No strangers to the camera, they
give very memorable performances.
Unabashed action, exciting climaxes, these
guys make it happen." (tla website)
