SOCIAL EVENTS

Although we (GALE-BC) advocate positive social change in educational settings, we are also concerned with providing opportunities to meet our colleagues in relaxed and non-threatening settings.

Aside from our monthly meetings, we periodically organize a variety of social events such as:

- pot-luck dinners
- wine and cheese parties
- theatre evenings
- dessert nights

We feel it is important for lesbian and gay educators to meet one another. Social events provide opportunities for us to share common experiences, frustrations, concerns and successes in our professional lives with our colleagues.

All gay and lesbian educators and their friends are welcome.
