

Kenn Zeller 1945-1985

Kenn Zeller was a shining example for staff and students. His creativity and hard work made the Williamson Road Library an exciting, busy focus for the school. The Library was always buzzing with the activity of children at work or with visiting artists, speakers, videos and films. Esthetically, it was an artistic centre.

He was a true educator who loved children and taught with a real understanding of children's needs. Kenn often fulfilled his own intellectual needs by taking courses in Children's Literature or Computers. We all gained an appreciation of the Arts through his love and knowledge of ballet, music, literature and design.

The staff considered it to be the highlight of the year to be invited to his magnificent home filled with artistic treasures.

He was a special friend to us all. There must be a lesson for all of us in his untimely tragic death. Hopefully we can all try to live in a peaceful manner with each other and teach the children to live and work in harmony. We have all been enriched by knowing Kenn Zeller and we will all miss him.
