Dear Friends:

The Toronto Lesbians of Colour collective, and two members of the Toronto Rape Crisis Centre, have formed an anti-racism work group. The work group is currently offering anti-racism workshops to women's groups in Toronto.

We feel that these workshops are an excellent resource to continue and improve the working relationships between women of colour and white women. The workshops will begin in mid-January, 1986. A \$25 negotiable fee will be charged.

For more information, and to schedule your workshop, please contact Carol or Michele at 594-2930 or Anna or Stacey at 465-1781.
